## ABOUT ME

Motivated and detail-oriented aspiring Web Developer with strong foundational skills in HTML, CSS, and JavaScript. Currently pursuing MCA from Presidency College, Bangalore. Passionate about building responsive and user-friendly web interfaces. Adept at working in collaborative environments and contributing effectively as part of a team. Seeking a web development internship to apply my skills in real-world development.

---

## PROJECTS

### UltraEdit UI/UX Clone

Recreated the UltraEdit download page using only HTML and CSS. Designed a clean, responsive, multilingual layout.

Live: [ultraedituiux.netlify.app](https://ultraedituiux.netlify.app) | Code: [GitHub](#)

### Netflix UI/UX Clone

Built a responsive clone of the Netflix homepage using HTML and CSS. Focused on layout accuracy and typography.

Live: [uiuxnetfli.netlify.app](https://uiuxnetfli.netlify.app) | Code: [GitHub](#)

### BMI Calculator Web App

Developed a clean and responsive BMI calculator using HTML, CSS, and JavaScript.

Live: [aboutbmi.netlify.app](https://aboutbmi.netlify.app) | Code: [GitHub](#)

### Number Guessing Game

Interactive game using HTML, CSS, and JavaScript. Visual feedback and score tracking.

Live: [determinenumber.netlify.app](https://determinenumber.netlify.app) | Code: [GitHub](#)
